

Welch Allyn Insight™ Binocular Indirect Ophthalmoscope

Enhance fundoscopic exams at an affordable price.

- Insight is the lightest, wireless BIO on the market, weighing in at just over one pound
- Ergonomic Flip-Up™ optical system mount and on/off design eliminates the need for an overband and helps ease adjustment during an exam
- ColorSoft LED™ bright, white LED technology is optimized within the color spectrum and softer for enhanced patient comfort
- Rechargeable lithium battery pack power supply means no cords to impede your movement during an exam
- Unique light output control lever adjusts light intensity; an efficient alternative to the traditional solid state rheostat control
- Carries an exclusive 10-year industry-leading instrument warranty

A full-featured device for enhanced workflow and efficiency,
with the comfort and control you need.

Lightweight, rechargeable lithium battery pack provide up to 3.5 hours of on-time when fully charged

Headbands are ergonomically shaped, designed to match the contours of the head for maximized comfort

Padded, leather headbands are easy to adjust for improved stability

Power saving, Flip-Up optical system is on when pulled down/into operating position and powers off when flipped up

Light output control lever is integrated into optical system for convenient, hassle-free light adjustment
